Dear Rami,

It was a pleasure working with you on our move from Dallas to Mill Creek, WA. , it went even smoother than I had expected especially considering moves I've experienced in the past.

We were impressed with each facet of your management and the team, especially the crating of our marble tables and the handling of our bronze outdoor statues. The crew worked with great efficiency and everything was packed and tagged to perfection and that was the key to an organized unpack here in Washington. This definitely helped too.

I would gladly recommend your service and that of your teams at Sky Van Lines. It was a very nice meeting you too and you're welcome to come visit if you ever find yourself in the Northwest.

Warm Regards,

Jessica Montana
