Dear Rami

It was a great pleasure doing business with you in Sky Van lines. It was absolutely hassle free and painless.

Everything went well as promised. I can't ask any more from a shipper.

Pricing - 5 Stars - You were the only guy who gave me the best quote I can fit my budget into

Communication - 5 Stars.. I never had to call or follow-up with any one at any point of time.. I had regular status updates from every one, starting from the day I decided to choose sky van lines till I got my goods delivered at my home

Packing - 5 Stars.. I have done shipping with so many people in the past 5 years and I have broke 2 46 inch TV's.. I never had any complaints after I got my good here.. it was packed well and assembled well and delivered well

Service - Overall I would give 5 out of 5

The moment Matthew said he has done several Indian families, I decided to choose Sky Van lines :)

Thanks a ton for your help Matthew... I will sure call you anytime I need to relocate and refer all my friends to move with you... and just call Matthew he will take care :)

Thanks my friend
